

# IBS INTERCOLLEGIATE BROADCASTING SYSTEM

507 FIFTH AVENUE  
NEW YORK 17, N. Y.  
VAnderbilt 6-6075

October 8, 1945

Mr. Charles Neibel  
Station WPRU  
Princeton University  
Princeton, N. J.

Dear Mr. Neibel:

The Constitution Committee is now finishing its work on the proposed Constitution, By-Laws, and Codes. I am enclosing copies of the Constitution, and will send the other material later this month. Would you please have your Board of Governors Representative fill out the enclosed postcard, indicating what dates would be most convenient for a meeting to discuss them? It is imperative that representatives from all the colleges attend, so that all of you will be able to express your opinions and to work together to establish a better IBS organization.

I have also enclosed a questionnaire for accurate mailing information. Please return this immediately in the enclosed return address envelope.

We are planning a big issue of the Bulletin for publication on or before the first of November. Since your college will be starting its winter semester about that time, we would like to have a piece from you by October 22, discussing the plans for station WPRU for the semester, giving data on program plans, hours, expanding or changing technical and studio facilities, your new executives, and so forth. With your help in sending such material for every Bulletin, we can make it bigger and better, a publication that is completely yours.

As a final note, I want to thank you for the cooperation your station has given us in the past; the more we work together, the more your station and IBS will benefit.

Sincerely yours,

*Sonia-Jane Brown*  
Sonia-Jane Brown  
Executive Secretary
